Warren Williams
President, CUPE 15
545 W 10th Ave
Vancouver, BC

Dear Warren,

Re: “Think Big” Revenue Strategy Impact on CUPE Staff

Earlier this week on January 16, 2022 the Vancouver Park Board passed a motion titled **“Think Big” Revenue Strategy**. The motion in question provided instruction to staff to return with a report and recommendations to increase revenue generating opportunities.

The intent of this motion is to give staff the broadest scope possible to explore ideas freely without being unduly prescriptive. This is a nod to the expertise that staff of the Vancouver Board of Parks and Recreation are able to bring to the many ideas and suggestions that Commissioners receive from the public.

The ABC Commissioners would like to be clear that we will not support any recommendations or initiatives that may flow from this motion that negatively affect the employment of our valued CUPE 15 staff of the Vancouver Board of Parks and Recreation.

Sincerely,

Scott Jensen (he/him)
Chair, Vancouver Park Board
